

## **COOKIE POLICY**

### **Purpose**

To explain what cookies are and how we use cookies on the LALG website .

### **What are Cookies?**

'Cookies' are small text files that are stored by the browser (for example, Internet Explorer) on your computer or electronic device. They allow websites to remember you so that they can store things like user preferences and make the website quicker and easier for you to use.

Without cookies, many things on websites would not be able to work: for example, if you logged in to this website to view restricted content you would have to log in again every time you looked at a different page.

### **How does this website use cookies?**

A visit to a page on this website may generate the following two types of cookie:

#### **Necessary cookies**

Necessary cookies enable core functionality such as security, network management, and accessibility. You may disable these by changing your browser settings, but this may affect how the website functions.

#### **Analytical cookies**

We'd like to collect website analytics information using Google Analytics and Drupal to help us improve the website. We collect this data by running Google analytics JavaScript on your device, which collects data about how you have interacted with our site. The data is collected in a way that does not directly identify anyone.

### **How do I change my cookie settings?**

You can change your cookie preferences at any time by clicking on the 'Privacy settings' tab at the bottom of the webpage. You can then adjust and save your preferences. You may need to refresh your page for your settings to take effect.

All modern browsers allow you to change your cookie settings. You can usually find these settings in the Options or Preferences menu of your browser.

You can find out more about cookies and their use from “[www.allaboutcookies.org](http://www.allaboutcookies.org)”

Review date: July 2025

**This policy was approved by the Committee at its meeting on  
22 November 2023**
