

COOKIE POLICY

Purpose

To agree the text to use on the LALG website concerning the use of 'cookies'.

Text

"Cookies" are small text files that are stored by the browser (for example, Internet Explorer) on your computer or electronic device. They allow websites to remember you so that they can store things like user preferences and make the website quicker and easier for you to use.

Without cookies, many things on websites would not be able to work: for example, if you logged in to this website to view restricted content you would have to log in again every time you looked at a different page.

How does this website use cookies?

A visit to a page on this website may generate the following two types of cookie:

Registration and preferences cookies

When you register with the LALG website, we generate cookies that tell us whether you are signed in or not. Our servers use these cookies to work out which account you are signed in with, and if you are allowed access to a particular service. It also allows us to associate any comments you post with your username. If you have not selected 'keep me signed in', your cookies get deleted when you either close your browser or shut down your computer.

Anonymous analytics cookies

Every time you visit our website, software provided by Google Analytics and Drupal generate anonymous analytics cookies.

These cookies can tell us whether or not you have visited the site before. Your browser will tell us if you have these cookies and if you don't, we generate new ones. This allows us to see how many individual users we have, and how often they visit the site. These statistics help us identify if visitors would benefit from more information on a particular area.

Our social media feeds will also generate cookies.

How do I turn cookies off?

All modern browsers allow you to change your cookie settings. You can usually find these settings in the Options or Preferences menu of your browser.

However, if you stop accepting cookies from LALG, we cannot tell if you are signed in, so you would not be able to post comments and you may have problems using or accessing other parts of the website (such as your personal account).

You can find out more about cookies and their use from www.allaboutcookies.org”

Review date: July 2025

This policy was approved by the Committee at its meeting on 25 July 2022
